

Delegate Management – Quick Reference Guide

Delegates and Supervisors on the Dashboard

On the user’s dashboard, which is where users land once logged into <https://florida.pmpaware.net>, the user’s delegates or supervisors depending on the user’s role are displayed.

A Delegate is able to see their assigned supervisors and their approval status. If a delegate needs to add or modify their supervisors, they can do so in their User Profile. See the [Delegator Management in My Profile](#) section for more information.

A supervisor can quickly change a delegate’s status from the dashboard by clicking the delegate’s name. They will be taken to the Delegate Management screen where they can approve, reject, or remove a delegate from their profile. Users can also click the “Delegates” link to be taken to the Delegate Management section, which is also accessible at any time by navigating to **Menu > Delegate Management** (Under the My Profile section). For additional information regarding delegate management, see the [Delegate Management](#) section.

Delegate Management

For supervisors (Agency Administrators), delegates associated with the user's account are displayed in a table found at **Menu > User Profile > Delegate Management**. From this location, the supervisor can approve or reject new delegates, or remove existing delegates from their account.

Approving and Rejecting Delegates

1. When a user registers as a delegate for a supervisor, the supervisor receives an email alerting them that a delegate account is pending their approval.
 - a. If the request is not acted upon, PMP AWAARxE will send follow up emails advising that action is still required.
2. The supervisor logs into the PMP AWAARxE application (<https://florida.pmpaware.net/>) and navigates to **Menu > User Profile > Delegate Management**.
3. From the Delegate management screen, the supervisor can see all delegates associated with their account. New Delegate(s) are identified with the pending symbol in the Delegate Status column.
