

Florida's Prescription Drug Monitoring Program

PRESCRIBER, PHARMACIST, and DESIGNEE REGISTRATION

E-FORCSE® requires that every individual register as a separate user, using their email address as their username within the system. Please note that if you had an account with the previous system, you may already have an account in PMP AWARxE. Please attempt to access your account by following the **Reset Password** instructions located in the **PMP AWARxE User Support Manual** before attempting to create a new account. Please utilize the email address associated with your previous account.

The registration process is comprised of three screens: the account settings screen, the role selection screen, and the demographics screen. All three screens must be completed before the user can successfully submit their registration for approval.
