See C.V. Uploaded in photos

**Please list any boards, committees or other groups you currently or previously have served on (dental or non-dental) along with years of service.**

See C.V.

**Please share any accomplishments while serving in other leadership positions.**

See C.V.

**Have you participated in continuing education or training programs in leadership? If yes, please share your experience.**

LDC program, BOT strategic planning, Greater Pensacola Study Club (Seattle Study Club), Woodbine Baptist Church

**Do you think there is value in the tripartite membership structure (ADA/FDA/Component)? Why or why not?**

Yes, information is transmitted quicker from top to bottom and bottom to top so that everyone stays in form. ( national to local and local to national)

**The mission of the FDA is to "Help Members Succeed". Do you feel that the association is fully utilizing its resources to fulfill this mission? If yes, share why. If no, what additional actions would you propose?**

Yes, I feel we use multiple platforms to disseminate information. And hopefully the membership will take it vantage of that.

**What are the biggest challenges you see for the FDA as an organization in the coming years and what are ways you suggest the FDA can meet those challenges?**

Florida is a destination state. We must engage all dentists that are moving into our state. The landscapes of practice coming out of dental school has changed with more dentist choosing to go into corporate dentistry. And the gender ratio in dental schools being more heavily waited to female dentist. We have to adapt and change to address the need of this new dynamic.

**Please provide any additional information you would like to share.**

When sending files please consider multiple formats. For me PDFs are the easiest to use

# James E. Martin, III, D.M.D
