

Peer Review Cards to Give to Patients

Dentists are encouraged to have this card handy for front desk staff to give to patients who may be good candidates for Peer Review.

Peer Review Coordinator Lywanda Tucker

One of the goals of Florida Dental Association (FDA) member dentists is to provide you – the patient – with personalized attention and the high-quality dental care. But, sometimes problems occur. If you cannot satisfactorily resolve an issue or believe your dentist has not provided the best quality care possible, there are options. You may have the dispute mediated through the FDA's Peer Review Program.
